

Computer Hardware Trading Cards

Name _____ Partner _____
Class Period _____

Objective:

You will create a **Hardware Trading Card** for a computer hardware component. Your card should include key information, an image, and creative design.

Step 1: Choose a Hardware Component

Students will randomly draw a component from the jar.

Step 2: Gather Information

Use your **notes and online resources** to research the following about your hardware component:

- Name of the component: _____
- Function – What does it do in a computer?

- Key specifications – (Ex: speed, size, storage capacity, power usage)

- Interesting fact – Something unique about this component

Step 3: Design a Digital Trading Card

Create a digital trading card. Include the following:

- Title- Bold, large font
- Photo- clear
- Description- Tell what it is used for
- Use correct spelling and punctuation
- Make sure it is organized and easy to read
- Bonus: Add a fun fact

Hardware Trading Card Rubric

Criteria	4 points Excellent	3 points Good	2 points Needs Improvement	1 point Missing
Title	Bold, large, clear	Bold and clear	Title is hard to read	No title
Photo	Clear, high quality	Clear, but not the best	Blurry or irrelevant	No photo
Description	Detailed and clear	Clear, but lacks detail	Vague or incomplete	No description
Spelling & Punctuation	No errors	A few small errors	Several errors	Many errors
Organization & Readability	Easy to read and neat	Mostly organized	Hard to read or messy	Very disorganized
