

Who Likes To... Prompts

Who likes to play video games? → Game development, AI, graphics rendering

Who likes to watch YouTube or TikTok? → Video compression, recommendation algorithms

Who likes to take and edit photos? → Image processing, Photoshop, AI filters

Who likes to listen to music? → Streaming services, audio compression, AI music suggestions

Who likes to order food online? → App development, GPS tracking, payment security

Who likes to shop online? → E-commerce platforms, cybersecurity, AI recommendations
Who likes to chat with friends on Snapchat/Instagram? → Social media algorithms, networking protocols

Who likes self-driving cars? → AI, robotics, sensor technology

Who likes to use GPS to find places? → Satellites, mapping software, real-time data

Who likes to use Alexa or Siri? → AI, voice recognition, natural language processing

Who likes to design or build things? → CAD software, 3D printing, engineering simulations

Who likes sports? → Sports analytics, wearable technology, AI coaching

Who likes to watch Netflix? → Streaming algorithms, AI recommendations, video compression

Who likes to fly drones? → Robotics, remote controls, AI flight stabilization

Who likes superheroes and special effects movies? → CGI, animation, AI-generated effects

Who likes cybersecurity or solving mysteries? → Ethical hacking, encryption, digital forensics

Who likes earning money from social media? → Web development, data analytics, automation

Who likes AI-generated art or music? → Machine learning, digital art, AI composers

Who likes health and fitness tracking? → Wearable tech, biometrics, data science

Who likes coding robots? → Robotics, automation, engineering
