

Cybersecurity Game Board Project Rubric

Category	Excellent (4)	Good (3)	Needs Work (1-2)
 Content Accuracy	Shows clear understanding of the topic with accurate facts and real-world examples.	Mostly accurate with a few small errors or missing examples.	Several inaccuracies or vague information.
 Clear Message	The purpose is very clear: teaches how to stay safe online. Easy to understand.	The main message is mostly clear but could be more organized.	Confusing or unclear—hard to tell what it's about.
 Creativity & Design	Very creative! Eye-catching, fun, and engaging (colors, layout, theme).	Some creativity shown; design is decent.	Plain or messy; little creativity in layout or design.
 Game Mechanics OR Poster Layout	Game: Fun, makes sense, and challenges players to learn. Poster: Well-organized, sections clearly labeled.	Game or poster works but needs a bit more organization or polish.	Game doesn't flow well, or poster is hard to read.
 Presentation & Reflection	Clearly explains the topic and what they learned. Confident presentation.	Mostly explains the topic; some parts unclear.	Weak explanation or unclear reflection.

Used ChatGPT Ethically
(Optional Bonus)

Students used ChatGPT for ideas and gave credit or explained how they used it ethically. +1 point

Used ChatGPT but didn't explain how it helped. +1/2 pt

Didn't use or used it inappropriately (copy/paste only). 0 points

 **Total Points:** _____ / **20**

(+1 bonus point possible)

Tips for Using ChatGPT Ethically:

- Ask for *ideas*, not full answers.
- Customize what you get—make it your own!
- Be able to explain how ChatGPT helped you.
