

4565: Computing Foundations for a Digital Age

Unit 4

Data Reflection Worksheet

Name: _____ **Date:** _____

Objective:

Reflect on your experience collecting, cleaning, and analyzing data throughout this unit.

Part 1: What Did You Do?

- Which activity or challenge did you choose to reflect on (Candy Challenge, Spy Mission, Speed Test, etc.)?
-
-

- Briefly describe what you did in that activity.
-
-
-
-

Part 2: What Did You Learn?

- What skills did you use or improve during this activity?

- ☐ Organizing data
- ☐ Cleaning or fixing errors
- ☐ Using formulas or tools
- ☐ Finding patterns
- ☐ Making predictions
- ☐ Explaining results

(You can check more than one. Add your own if needed.)

- What was the most challenging part?

- What surprised you about the data you worked with?

Part 3: Looking Forward

- Why do you think these data skills are important in the real world?

- If you could do this activity again, what would you do differently?

- What is one thing about working with data that you feel more confident about now?
