

4565: Computing Foundations for a Digital Age

Unit 5

Option A Worksheet: App Permissions Detective

Name: _____ Date: _____

Step 1: Choose an App

Pick a favorite app on your phone or tablet. Write it below:

App Name: _____

Step 2: Investigate Permissions

Use your device settings to find out what permissions this app has.
Check all that apply:

- Camera
- Microphone
- Location
- Contacts
- Photos
- Notifications
- Files/Storage
- Motion/Fitness
- Other: _____

Step 3: Analyze

- Does the app need these permissions to work properly? Why or why not?

- Do you remember agreeing to all of these?

☐ Yes ☐ No ☐ Not sure

- Would you remove any permissions now? Why?

Option B Worksheet: Ava's Digital Day – Case Study

Name: _____ Date: _____

Read the case study (or slideshow) about Ava's day. Then answer:

Activity	What Data Was Collected?	Implicit or Explicit?	Who Might Have Access?
Ava checks her weather app in the morning			
She takes a selfie and posts it on social media			
At school, Ava uses a reading app that tracks her progress			
She listens to music on her favorite app			
After school, she plays a game that uses location for prizes			

- Which of these surprised you the most? Why?

- What would you tell Ava about protecting her data online?
