

4565: Computing Foundations for a Digital Age

Unit 5

Remix Challenge: What's Fair, What's Yours?

Name: _____ **Date:** _____

Today, you'll explore what it means to be a **digital creator** by ethically remixing content. Let's make something new — *the right way*.

Step 1: Choose Your Remix Format

- ☐ Meme Remix – Add your own caption or twist to an existing image
- ☐ Song Parody – Rewrite lyrics to a well-known tune with a school-friendly theme
- ☐ Art Mashup – Combine two public domain or free-use images into a new piece
- ☐ Other:

Step 2: Plan Your Remix

- What are you starting with? (e.g., a meme image, song lyrics, art piece):

- What are you changing or adding?

- Where did the original come from? (Include URL or source name)

- Is your remix fair use or public domain? How do you know?

Step 3: Create It!

Use the space below to sketch, draft, or explain your remix.

- (Attach a separate sheet or submit digitally if needed.)
-

Step 4: Reflection

- What was fun or challenging about this remix?
-

- What did you learn about ownership and digital creativity?
-

- Would you feel okay if someone remixed your original work? Why or why not?
-
